NEW POSTOFFICE SITE

Location for Bristol Building Said to Have Been Selected.

It is currently reported that at last a definite site has been selected for Bristol's proposed new postoffice building in the Fourth ward on the outskirts of the borough. The lot on the southwest corner of the Beave Dam road, or the Forge road, as it is sometimes called and Prospect street is the location reported to be selected upon which will be erected the \$50,000 federal building. A portion of the tract was recently purchased by Joseph R. Grundy. Engineers were recently at work surveying the property which is in close proximity to the new railroad passenger station.

Builders are estimating on plans for a two and a half story stone residence, 23 feet by 40 feet on Oak Lane for A. C. Shand.

Henry Specht, Jr. of Willow Grove, is taking up the case of the residence at Fort Washington, for Gustave C. Kuemmerle.

D. E. Weiden, a New York artist has bought a lot at Rushland from William D. Davis, and intends to build a studio on it.

A. W. Ruhl, of Philadelphia, has completed the work of staking out fifty-four acres of ground into building lots along the Oregon road, south of Langhorne.

Edward R. Kirk has sold the farm of Charles R. Black, in Buckingham township, above Pineville, to William P. Ely, of Doylestown.

Builders are estimating on plans for a two and a half story stone and plaster house, 60 feet by 33 feet, at Fort Washington for Gustav C. Kuemmerle.

W. J. Grubler is estimating on plans for alterations and additions to a residence in Mount Airy for Charles P. Kolb. Charles Barton Keene is the architect.

H. J. Dager, Inc., real estate agent, Ambler, reports the sale of two lots, being lot Nos. 194 and 195, on plan of lots at Dunton, Glenside, for S. A. Charles of Ambler, to private parties.

Charles A. Wilson has sold for Joseph Wood a 63-acre farm at Laurel Bend, in Bristol township, to Edwin C. Hardman and Thomas S. Hurry, of Philadelphia, who will take possession in January next. The price was \$4300.

Ashton S. Tourison, Jr., has the contract for the erection of a \$15,000 three-story stone dwelling, to be located on the north side of North Pleasant avenue, east of Anderson street, Germantown, for the Sedwick Farms Company. Work will be begun at once.

M. J. O'Brien has sold his farm of 30 acres and 156 perches, in the upper end of Newtown township (formerly the late John H. Stoop's farm), to two Romanians from Philadelphia, five years in this country, who have already taken possession. They purchased stock, crops and implements also. Mr. O'Brien will this week return to West from whence he came. Detroit, Michigan, is to be his first stopping place, but he is not sure that he will locate there.

Henry C. Biddle real estate broker, of Ambler, reports the following: Sold for James Beeson, farm in Upper Gwynedd township, to Theodore G. Brinton, of Ambler, at private figures. Mr. Brinton will take possession in the near future. Rented for Gwynedd Heights, of Germantown, her mansion house at Ambler, known as the Keasbey property, to Joseph V. Campbell, of Philadelphia, possession July 1st. Rented for Dr. C. B. Hough, his property on Greenwood avenue, now occupied by Theodore G. Brinton, to Theodore B. Zuendel, of Philadelphia, who will take possession some time in July. Rented for John J. Martineck, his store on Lindenwood avenue, formerly occupied by A. M. Chasman, to parties who will take possession soon. Notice to another column. Mr. Biddle's sale for John McGraw, real estate and personal property, on the premises, Summit avenue, Fort Washington, Tuesday, July 11th.

C. E. Schermerhorn, architect, 430 Walnut street, Philadelphia, has completed final drawings and specifications for a handsome residence to be erected at Fort Washington, for Gustave C. Kuemmerle. The house, which has been designed in early English style, will measure 65x35, with a rear extension 30x25. First floor will be constructed of Chestnut Hill stone, the second floor and gable walls will be of brick stucco with half brick pieces applied. The roof will be of graduated and variegated green and purple slate. A large reception hall which runs clear through the first floor will be finished in quartered white oak and will have paneled walls and ornamental plastered ceilings, which will be continued up to the second floor. The first floor also contains a large library, dining room, pantry, toilet, kitchen, servants' room and solarium. The main rooms will be finished in white oak, the kitchen partition will be finished in chestnut. The solarium and porch doors will be tiled. Windows and kitchen mantels are provided in the reception hall and library and the solarium has a stone fire-place. The second floor contains 4 chambers, two bath rooms, linen closet and wardrobe; third floor contains guests' rooms, servants' hall, trunk room and two bath rooms. The first and second floor will have parquetry flooring. The bath rooms, kitchen and pantry will be tiled. The house will be lighted with both gas and electric lighting and will also contain a complete burglar alarm system. Coal and gas ranges and built in refrigerator, water heating apparatus, etc., will be included.

John Stevens, Inc. of Wyncothe, has the contract to build a large house for C. M. Brown, of Germantown.

A. Whitehead has a contract for a two-story addition, 27 feet by 46 feet, to Camp Hill. The cost will be \$10,000.

Samuel Haring has a contract for a 2 1/2-story house, 53 by 26 feet, on Mermaid avenue, Chestnut Hill, for Mrs. Helen Stinson Phelps. Horace Trumbauer is the architect.

Estimates have been asked on plans for a \$75,000 church and Sunday school to be built at the southeast corner of Twelfth street and Oak Lane for the Oak Lane Baptist church. It will be of granite 50 by 140 feet and has been designed by E. C. Hussey.

C. E. Schermerhorn & Watson K. Phillips, associate architects, Philadelphia, have completed drawings and specifications for a two-story colonial residence to be erected on Lenox road, near Jenkintown, for J. H. Shirley, assistant cashier of the Franklin National Bank. The house which will measure 42 by 26, will have a kitchen extension, and will be constructed of hollow tile with a shingle roof. The first floor will contain a reception hall, living room, dining room, pantry, kitchen and laundry; second floor, three chambers, two bath rooms, library and solarium; third floor, three chambers, bath room and store room. The exterior of the house will have a white cement stucco finish. A side porch is provided which will have a cement floor and a stone fire-place; a large colonial mantel is provided in the living room, which will have stucco tile used in the facings, hearths, etc. The second floor bath rooms will be tiled and one will have a built in shower bath. The interior of the house will be finished in white enamel and the balance in chestnut. The first floor will be covered with an Italian quarry floor. The house will be lighted with both gas and electric lighting.

HOME FREED OF DEBT

Mortgage on Chalfont Institution Burned on Donation Day.

At the annual donation day at the P. O. S. of A. hall, on Monday, June 24, the most pleasing part of the program was the burning of the mortgage of \$2000 on the Chalfont Institution, now out of debt, and the camps of the order which contribute to its support are now the possessors of a farm of 72 acres, a nice comfortable residence and commodious barns. All are congregate. At the same time it is a home for the aged and infirm residents, members of the patriotic order, too old to care for themselves.

The attendance during the day was large and quite an interest was taken in the sale of goods for commanderies and other events on the program.

TO PLOT OUT STATE ROADS

Commissioner Bigelow Anticipates Approval of Bond Issue.

As an initial step in the systematizing of the highways of Pennsylvania, Highway Commissioner Bigelow, recently placed at the head of the department by Governor Tener, will set to work a corps of fifty competitive civil engineers to plot out roads over the entire State.

The Statewide survey is the beginning of the construction of State roads under the terms of the bill providing for a \$200,000 bond issue for the purpose. The work will be done in anticipation of the approval of this bond issue by the legislature, and the subsequent approval of the people.

Highway Commissioner Bigelow will have completed the survey of the State by the time the money is available, about three years hence. Consequently it will be possible to start the construction of roads immediately after the voters authorize the bond issue by a popular vote in November, 1915.

It is one of the ambitions of Highway Commissioner Bigelow to build up the State's reputation so it will be on a par with the State Health Department, which has reached a high state of efficiency under Dr. Samuel G. Dixon.

INCREASE IN BUCKS COUNTY TAX

Commissioners' Clerk Cadwallader, of Bucks county, says the county tax for this year amounts to \$145,000, which is an increase over last year. Bensalem contributes the largest sum, \$65,457. Buckingham is second with \$28,939 and Hilltown gives \$5551.28.

Francis D. Lewis, Jr., the son of Francis D. Lewis, a prominent lawyer, of Moreland avenue, St. Martin's, died June 29, in the Germantown Hospital, as the result of the injuries he sustained a few days before when the carriage in which he was riding was struck by an automobile.

A Satisfying Diet.

These are the enervating days, when, as somebody has said, men drop by the roadside as if they had been felled. They are fraught with danger to health, and this leads us to say, in the interest of the community, that we suggest the purchase of this medicine something better than the usual food and drink—a satisfying diet. It makes it much easier to bear the heat and summer refreshment and will without doubt avert the usual summer ailments.

Women in Local News.

Mrs. Howard Eastburn, of Siles, fell down a flight of stairs at her home, and escaped with a sprained arm and a few bruises.

Miss Marguerite Dungan has resigned her position as teacher in the Doylestown public schools and accepted a similar position in the schools of Narberth, Pa.

Miss Emma Fellows and Miss Mae Ellis, of the Wyndomere public school faculty, have gone to Kingston, N. Y., where they expect to spend some time.

Miss Florence Fretz, also a member of the faculty, will spend the summer vacation with relatives in the west.

Mrs. John Hart of South Main street, Doylestown, met with a painful accident recently. She was coming out of the house to get in the carriage with her husband for an afternoon drive when her foot caught in the rug on the porch and she fell to the concrete walk, breaking her left arm near the shoulder and also sustained other painful bruises.

Just a few minutes before early mass in St. Mary's R. C. church, Doylestown, Sunday morning, Mrs. Maria M. Curley, aged over 90 years, died suddenly as she sat in her pew, but on account of the earliness of the hour and the belief of many that she had fainted the sad facts were not known until after the services.

TIMELY RECIPES

POUND CAKE.

One cup of eggs, one and a half cups sugar, one and a half cups flour, one cup butter, one even teaspoonful of baking powder. Beat eggs and sugar together very light; stir butter and flour to a cream; reserve seven tablespoonfuls of flour to mix with the baking powder, and add last to the cake.

CHEESE TOAST.

On slices of whitebread spread a mixture of butter into which is mixed as much grated cheese as it will take, seasoned with salt and red pepper; brown in oven and serve warm.

EVENLY BROWNED TOAST.

In making toast or broiling meats over a griddle hole in an ordinary range cover with a tin cover, instead of setting the griddle on the toaster to keep in the heat. This will not "squeeze" the toast nor blacken it.

MARGUERITES.

One pound of seeded raisins, one pound of English walnuts, chop fine together, make into real paste; beat whites of two eggs and add sugar stiff enough for icing; but not too stiff, but so it will not run off the crackers. Get water crackers, spread them with paste of nuts and raisins and cover with the icing. Put them in a very hot oven for a minute only to give them a delicate brown. These are nice to serve with coffee or chocolate for light refreshments.

EGG CUTLETS.

Make half a pint of good white sauce hot and season it carefully; and stir in the yolks of two eggs, and stir until the eggs thicken the sauce but it must not boil. Strain the sauce into a basin. Add three hard-boiled eggs cut into dice, two tablespoonfuls of chopped parsley, two tablespoonfuls of chopped ham, and if necessary a little more salt and pepper. Mix all well and turn the mixture out on a plate to cool. Shape it into balls the size of a small egg, then flatten these balls into neat little cutlets. Brush each over with beaten egg and cover with fine breadcrumbs. Fry them in smoking hot fat, drain, and serve hot.

BASE BALL.

NORTH PENN. LEAGUE.

In an exciting thirteen inning game Ambler batted in two runs in the eighth inning and won out 9 to 6, defeating the Doylestown club on the Bucks county seat grounds.

Glenside at last won a game from the Quakertown club by the score of 6 to 3. The game was featured by the great all around playing of Wildrich, late of the Akron, Ohio, O. and P. league, and several other new faces in the Glenside lineup.

Parkside continued its winning streak by winning from Lansdale by the score of 3 to 1.

BUCKS COUNTY LEAGUE.

Newtown defeated the Morrisville boys by the score of 7 to 2, through the great pitching of Feathers Yerkes. Kile and Barton lead the bombardment at the bat.

New Hope defeated American Bridge by the close score of 3 to 2. The game was a very interesting one.

TWIN COUNTY LEAGUE.

North Wales won from Telford by the score of 13 to 0. Hees and batting was the feature.

Lansdale swamped Souderton by the score of 13 to 4.

OTHER GAMES.

The Germantown club was defeated by the Wyndmoor club by the score of 7 to 5.

The Byberry team won an easy victory over the Boys club by the score of 15 to 5.

Somerton defeated the Ascension club by the score of 8 to 2. Tenka's pitching was fine.

Fox Chase easily defeated the East Phillies at Fox Chase, 8 to 3, hitting hard and playing errorless ball.

Willow Grove Park defeated Olney A. A. by a garrison finish in the ninth inning, by scoring one run with two out. The features of the game were the hitting of Riley and A. Speere and the batting of Ridgers.

Fort Washington defeated Germantown by fast base running and the pitching of Hallman. Fort Washington now leads the Montgomery County League. Fort Washington played Chestnut Hill two games on July 4th.

TO OUR SUBSCRIBERS

Under a ruling of the Post Office Department, at Washington, which went into effect on January 1st, 1908, publishers of weekly newspapers are not permitted to extend credit to a subscriber for a longer period than one year. Names of subscribers who have not paid their subscription for a period of one year or more must be taken off the list of the publisher is liable to a penalty.

We are therefore sending out bills to all subscribers who owe a year or more, and have instructed our collector, Edwin Kirk, to call this ruling to the attention of those from whom he collects.

Prompt settlement is urged, or accounts must be placed in the hands of attorneys.

We have no choice in this matter as much as we would be willing to favor certain cases.

The Editor must comply with this ruling of the United States Government.

THAT CHASING POLITICAL

office and mixing in politics does not pay in many cases was shown at Norristown within a week, when Judge Solly of the Orphan's Court adjudicated the estates of Earl A. Jenkins, former Recorder of Deeds of Montgomery county, also the estate of Dr. George A. Weiss, late of Frederick, and former Assemblyman.

Both estates were found to be insolvent.

Probably in both cases if these men had attended to their own affairs, the result would have been better for themselves and their estates.

The political will-the-wisp has ruined many.

IT IS REPORTED FROM WASHINGTON, D. C., that the Government is about to proceed against the express company monopoly, which unduly overcharges and oppresses the business of this great country.

Express rates are as a rule unjust and unreasonable and a heavy charge upon all who must patronize these companies.

The express companies have in every way possible pushed up their charges until it has been almost impossible to get down to the minimum rate of 25 cents for a package, and if two companies must handle the parcel the express charge will be so heavy that sending small articles is almost out of the question.

As long as the post office will not take a package that weighs over four pounds just so long will the express companies fatten off the long-suffering public.

THE PHILADELPHIA PAPERS

Friday morning announce in big type that the hot wave is over. That is nice for Philadelphia, it true. In this neck of woods the hot wave was still aizzling at 12 o'clock noon on Friday.

THE RECENT ACCIDENT ON THE Reading Railway, when an express train, leaving the terminal, ran into a shifting locomotive, in the Reading yard, and in which there was loss of life and many injured, has made much talk.

The cause of the accident was said to be the smoke and steam in the yard preventing the engineer of the express train from seeing the signal which, if heeded, would have prevented the accident.

The accident has a very serious lesson in it for the railroad and traveling public. If the road was operated by electricity there would have been no smoke, no steam and no accident. It is high time that railroads, like every other business, should bring up their equipment and methods to present day demands.

No other business can be run profitably or successfully with machinery and methods that are at least 20 years behind the times. The electrifying of the Reading suburban system may be expensive, but it is in the mind of the writer, the only correct solution of making suburban railroad traffic profitable. It would also build up the travel from every station along their line and would increase their business many times. The best illustration of what it would do is shown by what the Market street subway and elevated have done for West Philadelphia and the western section of the city.

Bethayres-Huntingdon Valley

In order to increase the interest in the local news, the following local news items that come to your attention.

A number of our young people picked at Neshamly Falls, on July 4th.

Glenisde and Edge Hill

GEORGE D. HEIST DEAD.

On Sunday, July 2d, George D. Heist, husband of Eleanor Heist, aged 71 years, passed away at his residence on Linsley road, near Waverly. Mr. Heist had been confined to the house for the best part of the last six months and his death was not unexpected as his health had been gradually failing. Deceased was one of the most respected property holders in the section if not the largest, and some of it is the most valuable in Glenisde. Mr. Heist was known far and near from his long life and work in this section and through his connections with the Jenkintown National and Glenisde National Banks, while in situations he has been a director since their organization. He operated a coal and lumber yard near Glenisde station for the past 40 years and had an established general store at Edge Hill for nearly the same number of years. Mr. Heist was a Christian gentleman and had a high value on the moral life. Frugalness and honesty were virtues that he always adhered to. He will be missed by all who ever had dealings with him and by those to whom he had given a helping hand in time of need. Funeral services were held at his late residence on Wednesday afternoon at 2.30 o'clock with interment private at Union cemetery. Deceased was survived by his widow, one son and two daughters.

GLENISDE LANDED ONE GAME

On Saturday last Glenisde won its first game in the North Penn League by defeating Quakertown by the score of 6 to 4.

The game was played at Quakertown and was well played throughout with Glenisde winning in the last few innings. The features of the game were the batting of Willie and quick fielding of the Glenisde team.

In the double header played on the Fourth, Glenisde lost the first game at Amherst by the score of 5 to 3 after having been in the lead.

0 score in the sixth. Errors in the latter part of the game allowed Amherst to secure the win.

In the afternoon game at Glenisde, Amherst again won by the score of 3 to 2 in a game that was not until the last man was out. Inability to hit Simpson was Glenisde's downfall.

Before the game was over, they battled with the score mostly at 1. Rogers again played an important part in the game as in a close game they generally make a run.

Simpson and Hallman both pitched a good game of ball and as a whole the Glenisde team played well.

Graham made a star catch in the field and played a fast game all around the diamond.

He is the best first baseman in the league when it comes to grabbing the ball and throwing it.

Again play at home on Saturday afternoon.

BIG TIME ON THE FOURTH

The biggest day in Glenisde came off on the Fourth and from early morning until late at night all roads led to the athletic field.

In the parade of school children, the Police Military Co., Boy Scouts, and the committee of 21 all led by the Third regiment band furnished the opening front.

Marching and to the athletic field, where a flag was raised to the breeze.

After a short address by Oliver Braden, the sports were started by large attendance. All the events were well contested and valuable prizes in the form of medals were presented to the winners.

The cup for the high point was won by one contestant to John Faber who was the star of the event. The winners in the different events were as follows:

100 yard dash, first, Faber; second, Hinkle; third, Foster. 50 yard dash (junior), first, Anderson; second, Foster; third, Wilson. 100 yard dash (junior), first, Foster; second, Weber; third, R. Short. 220 yard dash, first, Anderson; second, Hinkle; third, Foster. 440 yard dash (junior), first, Anderson; second, Wilson; third, Fricker. 440 yard dash (junior), first, Fricker; second, Wilson; third, C. Short. 440 yard dash, first, Faber; second, Fricker; third, R. Short. 880 yard dash, first, Faber; second, Fricker; third, R. Short. Broad jump, first, Anderson; second, Renninger. High jump, first, Anderson; second, Harmer; third, Fricker. High jump, first, Faber; second, Renninger; third, F. Short. Pole vault, first, Faber; second, Renninger; third, Faber. Mile run, first, Foster; second, Weber; third, R. Short.

The boys' contest, with the Athletic Sunday school are looking forward to their picnic on the 17th at Pennycuik's.

There has been arranged a game of ball between the boys of Miss Coulter's class and those of Miss Coulter's class.

Our base ball team played two games on the Fourth. The first game was at Willow Grove, where they defeated the Field Club in a score of 9 to 5.

In the afternoon they played on the home ground, where they were defeated in a hard fought game, score being 9 to 8.

A large balloon, of the hot gas variety, fell on the big barn on the Volty Farm, Fourth of July night. Fortunately it fell off to the ground without doing any damage. There were people on hand watching to take care of just such an accident. Another balloon on July 5th came down on the farm of Joseph Gibbons at Weldon. Balloons of this kind are exceedingly dangerous.

A few of the energetic lads of the neighborhood, are making themselves useful in the hot sun on the York road, and when the rollers come to the motorman and conductor on the spot with their tools.

They are immediately fresh from the spring. They pick up the dirt during this hot dry spell. This spring is not a bad one.

Making a Locomotive.

A young lady once visited the Baldwin Works and she then told how a locomotive is made.

"You pour," she said, "a lot of sand into a lot of boxes, and you throw old iron and things into a furnace, and then you pour molten steel into a hole in the sand, and everybody yells and swears. Then you pour it out and let it cool and then you put it in a mold that looks like a hole in it. Then you screw it together and paint it and put steam in it, and it goes splashing, and they take it to a drafting room and make a blue print of it. But one thing I forgot—they have to make a boiler. One man gets it over splashing, and they pound it rightfully, and then they tie it to the other things, and you ought to see it."

ABINGTON

POLICE NEWS.

Five vagrants in different parts of the township were picked up by the police this week and were given hearing at the Abington court for thirty to ninety days, depending on the looseness of the offenses.

A very quiet, sane Fourth of July passed in our village. No accidents were reported and few fire works. Many picnics were held in the woods around. In the evening many went to Frankford, while many enjoyed the fireworks of other places from the school yard.

Rev. John Rooney entertained his Sunday school scholars along the Pennsylvania creek at a picnic. After singing patriotic songs and playing games, the children were given a bountiful repast of sandwiches, cake and ice cream and lemonade. After which all went home feeling the better for the holiday.

When there is a bad accident, the first thing the coroner does is to go through the pockets of the man responsible for it, to see if a bottle can be found.

TEACHERS TAKE SUMMER COURSE

Many Register at University of Pennsylvania.

TERM IS SIX WEEKS

Every Branch of Knowledge Covered. Up-to-Date Model School—Women to Use Dormitories and Swimming Pool—Scholarships Offered.

School teachers from nearly every county in the state are registering for the coming session of the Summer School of the University of Pennsylvania. The term begins on July 5 and will continue for six weeks until August 10. It is open to all teachers of every branch of knowledge, together with excursions about Philadelphia and social entertainments of various kinds.

The feature which is attracting the greatest number of persons is the School of Observation. This is a model school which will be conducted by sixteen of the most expert teachers in the United States. These instructors have been selected from the cities throughout the country which are believed to have the finest systems of public education. The model school will have eight grades, two of which will be ungraded. There will be a teacher in charge of each of the grades, while the eight teachers should be taught music, gymnastics, swimming, gardening and industrial work.

For Rural Teachers. An especial attention will be paid to the ungraded work, which will be conducted with a view to helping the teachers in the rural districts solve the problems which confront them. The famous Batavia system of individual instruction will also be illustrated by an exponent of that method. About 200 children will act as the pupils for the model school, which is located on the edge of the University campus.

Sessions of the school will be from nine until half past eleven every morning. During this time the regular primary and secondary classes will be in session. The teachers of the school will be from nine until half past eleven every morning.

The remainder of the day the men and women who register in the Summer School will be able to pursue their favorite lines of study. There will be a number of courses which will be permitted to do just as much or as little as they like.

The courses in psychology are expected to be the most popular. There are thirteen of these, a majority of which have to do with the study of the child. For instance, for twenty backward children will be taught by Miss Elizabeth Parrell, in speaker of ungraded classes in New York City.

Another of the courses is in the study of the child. It is a psychology which considers the development of the child from the germ cell to the adult stage. It covers the influences of heredity, environment and disease.

Special Gymnasium Work. The special gymnasium will be thrown open to the students in the Summer School. A corps of doctors, professors and instructors will direct the charges and the methods of physical training which will enable the students to qualify as physical directors. Both men and women will be permitted to take the course.

The family of John Lyons, of Edinon, feel very thankful to their friends for their great kindness during Mr. Lyons' sickness and since his death.

With the exception of the last three years all of Mr. Lyons' life was spent in the vicinity of Harboro and he gained the respect of the people by his fairness and geniality. The sympathy of his many friends will be extended to his bereaved family.

Truth is the great at which a good many people strain, and a lie is the easiest to swallow.

A girl may be willing to elope providing there were wedding presents within her range of vision.

After a falsehood has been accepted fifty years by a people, without general protest, it gets into the school books.

Very few people hide their talents under a bushel; most of them drag it out, and try to sell it at five times its value.

PUNCHED THE CONSTABLES.

S. D. Johnson Knocked Out and Disarmed Law Officers.

Constables Charles Marple and Robert Porter, of Norristown, were badly used up Saturday morning when they went to Whitpain township to make a levy upon the personal effects of S. D. Johnson, who resides at Mt. Airy, but who has a dairy at Whitpain. About the time Constable Marple was making a levy on Mr. Johnson's automobile, he gave the constable a blow behind the left ear with his fist, and Marple was knocked down. Porter then pulled his revolver and threatened to shoot. Before he realized what had occurred Porter was knocked down, having received a blow on the nose. Johnson then took Porter's revolver and put it in his pocket.

Constables Marple and Porter then returned to Norristown for reinforcements. Porter was covered with blood and had a bad gash over his eye. Dr. J. J. Kane was compelled to put several stitches in the wound.

Two warrants were immediately sworn out for Johnson, Porter charged him with the larceny of the revolver and Marple charged with assault and battery. Marple preferred aggravated assault and battery and interfering with serving a levy.

When the constables again reached Whitpain Johnson had departed. Johnson appeared before Magistrate Egbert on Monday afternoon. He waived a hearing and entered bail in the sum of \$2000 for his appearance at court.

Langhorne's new town hall was opened and dedicated to public service Tuesday. It houses council, the fire department and the post office, presided over by the newly-appointed postmaster, Edwin L. Parry. The building cost between \$10,000 and \$11,000.

CHURCHVILLE

(Continued from Page 8.)

CHURCHVILLE W. C. T. U.

America was sung with Miss Margaret Harris as accompanist. Mrs. Flora Harrison conducted devotion with scripture reading by Miss Helen E. Sauman.

In response to another question she said the W. C. T. U. is doing many things to better conditions, in this section.

The election of officers was postponed as was the annual picnic, which usually occurs in the woods of Churchville this month.

Mrs. M. H. Scott, president, Mrs. Craven being absent on account of the sudden death of her little granddaughter, Caryl Craven.

An interesting Fourth of July story, "The Renaming of Benedict Arnold," was read by the secretary, business matters were discussed and meeting adjourned.

On July first, 1911, at the home of Mr. and Mrs. Robert Harrison, occurred the annual business meeting of Churchville W. C. T. U. with several visitors present.

Mrs. Helen A. Sauman was asked to extend the sympathies of the union members to their sister co-worker, Mrs. Thomas Craven and her family.

Margaret A. Lowrie read an article on "Independence Day," and Mrs. Worthington gave her ideas on the loyalty of children and how best to create in them a love and loyal feeling for family, home and nation.

Mrs. Mary Worthington reported repairs at the W. C. T. U. fountain, and it is in good condition. Linford Cornell having attended to its spring cleaning and repainting of letters. A bill of five dollars for work and material was ordered paid. Mrs. Worthington asked to have the members of the committee to fill the vacancy caused by the death of Mrs. Eva Cornell.

Before Judge Solly at Norristown, Saturday, in the estate of the late William R. Cleaver, of Horsham, a balance of \$279.65 was awarded to Susanna L. Walton, testamentary trustee.

HAYWOOD ESTATE TRUSTEES

Court Upholds Them in Management of Property.

In passing upon the estate of Joseph Haywood, late of Ambler, Judge Solly, in an adjudication filed at Norristown, last Saturday morning, ordered that "some criticism is made by the daughters of the decedent as to the amount of money expended by the executors for taking care of the real estate remaining unsold, and the court is asked to place securities in the hands of the Fidelity Trust Company as trustee, the income thereof to be applied by them for the maintenance of the property interested in the estate."

"The testator reposed confidence in his sons, as evidenced by his expressions contained in his will. He expressly desired C. William to take charge of the homestead and other property until it is sold, and as recompense for his trouble no rent shall be charged against him for the use of the house he occupied. The accounting of the income shows that there has been received \$6220.55. A large part of this has been expended for labor. It is the duty of the executors to maintain the property in good condition, but no more money should be spent than is absolutely necessary to that end. Economy should be used and not one dollar expended beyond what necessities call for."

"Because of the expense connected with the Seattle property and the maintenance of the Ambler property, the executors request that they be permitted to retain certain securities, apportioned to the income to the payment of said expenses and charges, and pay over the balance to those entitled by the provisions of the will. The securities they ask to retain yield an annual income of \$226. The approximate expense of maintaining the Ambler and Seattle properties is \$226. These securities are awarded back to the executors for the purpose indicated."

The game on Saturday, July 1st was lost by loose playing while the opposing team, the Cloverdale F. C. picked up the slack. Spencer with an errorless fielding, Rudek pitched for Southampton. The score was 2 to 3 in favor of the visiting team. This Saturday the Beards F. C. will be the attraction and Gill and Parker are expected to win this game, and all others for the rest of the season. Landis and Smith will play on the field on Saturday.

The regular monthly meeting of the fire company will occur this Friday

Of Interest To Farmers

BYBERRY MODEL FARMS

A Visit to the City Institution in the 35th Ward

(Special to Public Spirit)
By invitation of Joseph L. Baldwin, who is assistant director of the Bureau of Health and Charities, about 100 persons assembled at the Byberry farm, on Saturday afternoon, July 1st. Most of the invited guests were representatives of 35th ward, where the farms are situated. Mr. Baldwin is also superintendent of these farms, and Joseph Buckman is head farmer. The farms contain 375 acres, and were purchased a few years ago at an average price of \$300 per acre. A finer tract of land of this size could not be found in eastern Pennsylvania. Mr. Baldwin's main object in holding this meeting was to show the citizens what had been accomplished in the short time the city has owned the property. At the present time they have 150 acres in hay, 10 acres in sweet corn, 30 acres in silage corn, 245 acres in horse corn, 90 acres in potatoes, 92 acres in wheat, 60 acres in truck, 8 acres in asparagus, 6 acres in cow beans, 45 acres in pasture, and the balance is taken up with poultry, roads, buildings, woods and orchards. The growing crops compare favorably with any in the surrounding country. There are 60 horses, 125 head of cattle, 200 hogs and about 300 chickens. A head of poultry on the farms at the present time. The city is preparing to spend five millions of dollars on these farms in the erection of buildings to relieve Bloomingdale almshouse, and the probability is, that within the next fifteen years it will become one of the finest and most attractive institutions of its kind in this country. At this time there are 75 patients in the tuberculosis department and 250 in the insane department. They have a stone crushing plant, for building roads, a modern cow barn and creamery, and two mammoth silos already established, a green house has been built to raise flowers and plants to be used in ornamenting the grounds. The Southampton road, which begins a short distance north of Somerton, runs through these farms, the western end has been graded and widened to fifty feet, with ten feet sidewalk on each side, and will be macadamized when the appropriation is made for that purpose. In the early evening an elaborate dinner was served, which all seemed to enjoy. This being over, Thomas Shalcraft acting as toast master, called on several persons for expressions of opinion, all of whom responded by making short speeches, eulogizing what they had seen and heard, with words of praise for what Mr. Baldwin and Mr. Buckman have accomplished. It was an enjoyable occasion for all present.

GOVERNOR NAMES COMMISSION TO FIGHT CHESTNUT BLIGHT

Five prominent residents along the Main Line have been named by Governor C. D. Johnson as members of the commission to fight chestnut blight which has caused the loss of thousands of valuable trees here, in New York and New Jersey. The men selected are Samuel T. Bodine, of Villa Nova; George F. Craig, of Rossmore; Theodore N. Ely, of Bryn Mawr; and Winthrop Sargent and Harold Price, of Haverford. The commission was created under the terms of a bill presented by Senator W. C. Spraul, of Delaware county, allowing \$250,000 for eradicating the plague and \$25,000 for study and it is feared that unless speedily checked it will spread to Western Pennsylvania. The commission will co-operate with the Department of Forestry in the work and will qualify at once.

MILK PRICE FOR JULY.

The executive committee of the Interstate Milk Producers' Association has fixed the wholesale price of milk for July, 1911, at 4 1/2 cents per quart.

The house of Dr. E. G. Kriebel, Worcester, Montgomery county, was badly damaged by fire from a gasoline lamp. The lamp leaked and caught on fire. A horse blanket thrown over it by a hired man extinguished the blaze.

CONTROLLER CAUSTIC

Montgomery Official Attacks Collectors and Grand Jurors

Montgomery County Controller John N. Jacobs, asks the County Commissioners to remove the tax collectors who have failed to raise up their tax duplicates. He says it is grossly unfair to allow a lot of delinquent taxpayers to owe the county \$125,816.40, as the last statement shows, while the county is paying from 3 1/2 to 5 per cent. on \$40,000 of borrowed money.

Incidentally, the controller says that a business man a Norristown, who is a member of the council, and has lately served as grand juror, has not paid his county tax for the last five years. As to the grand jurors going to the almshouse four times a year to see if it is properly conducted, after notifying the stewards in advance of their coming, the controller remarks: "If our bailiwick trust company examiners would only do same what a lot of trouble could be saved. Our bank and trust company officers and clerks could arrange their cash and books and show a clean bill of health at least when the examiner was present."

"Our last grand jury men reported to the court that they had paid for their dinners on the last visit to the almshouse, but failed to state that it cost them just 25 cents for a \$1 dinner. This last grand jury was a hard-working set. It heard 35 true bills in five days, and met one day at the almshouse. I freely know a hard thing when I see it. In Northampton county the grand jury met about the same time, found 58 true bills in the first day, and then adjourned and went home, thus saving the county five days' pay for twenty-four men."

OWLS ATTACK PEDESTRIANS

Vicious Birds Swoop Down on Several Persons in Doylestown.

Several owls that have made their homes and nests in sections of Doylestown have attacked several people recently. The birds first developed viciousness toward pedestrians in the Court House Park, but later became active on Broad street. Seated on a wire near the school house, the birds swooped down on the heads of both men and women, and there were scurrying by frightened people to avoid them. Mrs. Harman Yerkes, wife of former Judge Yerkes, was struck twice by the birds. John Service was struck about the head, and the attack on Miss Able Ely, of Oakland avenue, was so vicious that the young woman was almost beaten to the ground.

MUST DECLARE TERM

Candidates for School Director Required to Designate Time

Candidates for nominations for school director under the provisions of the school code will be required to specify on their nominating petitions the time to be observed, which they are to be placed after the name of the officer on the general election ballot in November.

This ruling was made at the office of the Secretary of the Commonwealth in response to inquiries from a number of counties as to the manner in which length of term for which men are to be nominated is to be determined. Under the provisions of the school code directors will be elected in groups of six, four and two-year terms. Each aspirant for a nomination must decide and announce the term for which he will be a candidate, and cumulative voting, or consolidation of votes a man may receive, will not be permitted, it being the opinion of the State officials that each term constitutes a separate office. The department has also held that the same principle will apply to the selection of city assessors.

The Lansdale Thread Company is about ready to begin operations on the manufacture of its product. John Barrows is president of the company, and D. H. McKinley will have personal supervision of the concern.

STATE SCHOOL BOARD.

Governor Tener chose men who drafted the new school code as members of the newly created State Board of Education. Following is the personnel of the board:

Nathan C. Schaeffer, Lancaster county, Superintendent Department of Public Instruction, ex-officio.

Dr. Martin B. Brumbaugh, Philadelphia, Superintendent of Philadelphia Public Schools.

David B. Oliver, of Pittsburgh, President of the School Board of Pittsburgh.

Dr. G. M. Phillips, West Chester, President of the West Chester State Normal School.

John S. Riffe, Erie, lawyer, active in educational interests.

William Lander, Riddleburg, merchant.

James M. Conklin, Wilkesbarre, Superintendent of Wilkesbarre Schools.

All of the appointees took part in the deliberations of the body which drafted the new school code for presentation to the Legislature.

Slides, swings and athletic bars, saws and sand boxes, baseball lots and quoit pits have been on end of pleasure for a week to hundreds of children who have daily congregated on the first public playground in Lower Merion township. It is adjacent to the Ardmore public school building, in the center of the village, and all the storm-shelter and other conveniences that institution affords make the location an ideal one.

The popularity that attends this initial playground has given decided impetus to the movement for a total of five in the township, and to which end members of the Woman's Club of Ardmore, the Main Line Citizens' Association of Bryn Mawr, the Woman's Club of Rossmore, the Neighborhood Club of Bala and Cynwyd, and the Civic Association of Ardmore are working.

A fund of \$50,000 for the purpose is planned, its nucleus being the \$10,000 bequest of the late Senator Algonquin B. Roberts, who was for years president of the Township Board of Commissioners.

William F. Solly has adjudicated the estate of William Nice, Cheltenham, \$31,753.41.

Owen L. Taylor, of Weldon, has a new threshing machine ready to do threshing and baling.

A beautiful bay horse that produces extra fine colts.

Garconnet is a grand horse and well worth the attention of those who wish to breed to this kind of horse. He was awarded First Prize by the Percheron Society of America at the International Livestock Exposition held at Chicago, Ill., in 1910, as being the best Percheron horse exhibited. Horsemen and others are invited to call and look this horse over. We will be glad to give any further information as to breeding, terms, etc.
